

Senior Business Analyst - Futures Front Office Systems

HS296

Hatstand (www.hatstand-ltd.com), a niche City of London based consultancy, is looking to recruit a senior Business Analyst to join the Global Futures IT department within a top tier European investment bank. Candidates must come from an investment banking background with at least 5 years relevant experience within the sector.

The successful candidate will contribute to global integration strategies, solutions and implementations. She/ He will deliver business and functional requirements for the Global Futures execution business as well as co-ordination of front-to-back implementation and testing activities and management of programme reporting. This is a challenging and highly rewarding opportunity within the Futures function of a top tier European investment bank.

Responsibilities:

- Strong knowledge of Global Futures and Options markets and business trends
- BA/PM experience within a technology group responsible for Futures Execution platforms including Trading Front-ends, Fix Connectivity, Order Management, Exchange Connectivity, Algorithmic Trading
- Must have the knowledge and understanding of front to back processing from order to input to clearing and settlement and regulatory controls.
- Ability to build and maintain strong relationships with the Front Office, Compliance, Operations, Technology Groups and RTB Functions (QA and Support).
- Ability to work across global product lines including Cash Equities, Derivatives, Fixed Income, FX and Commodities

Candidates must come from a financial markets background with at least 5 years recent experience within the sector. Candidates who do not meet this requirement will not be considered.

Contract: 6 months
Rate: £450 - £550 DOE
Start Date: ASAP
Location: City of London
